OUR STORY

01

INTRODUCTION

In the ever-evolving landscape of construction and infrastructure development, **Rimal** stands as a **paragon of excellence and innovation**. Since its inception in **2012**, Rimal has forged an indelible imprint in **Oman's construction sector**, particularly in **Roads & Bridges, Oil & Gas, Marine, Utilities, Energy, Renewables** and **Civil & MEP** works. With a dynamic portfolio exceeding **\$1.3 billion** and a dedicated workforce of over **4,000 highly skilled professionals**, our contributions resonate with Oman's iconic landmarks and infrastructural prowess.

Our unparalleled commitment to **quality and excellence** is exemplified in the myriad of projects we are executing across sectors, predominantly within the realms of Oil & Gas, Marine, and Roads. In alignment with **Oman's Vision 2040** and **Net Zero 2050** targets, we champion **technological innovation** as a cornerstone of our operations. We are pioneers in incorporating **Artificial Intelligence, satellite data, and drone surveying** in our workflows, notably manifesting in our **groundbreaking design** of a road traversing challenging mountain terrains.

Rimal is not just a construction company; it is a revolution in Oman's construction landscape, **harmonizing technology, experience, and sustainable practices** to redefine the **paradigms of excellence**. Our strategic trajectory is firmly anchored in enhancing **technological footprints, quality, and operational efficiency**, thus fostering superior value across our spectrum of services. We envision a future blooming with growth opportunities, particularly in the road, marine, and energy sectors, complemented by our continued explorations into renewable

technologies and innovations.

Rooted in a rich tapestry of values, including **profitability, business sustainability, superior performance**, and a steadfast project and **customer focus**, Rimal navigates its mission with a precise amalgamation of experience, passion, and innovation. Our vision - **"Delivering Superior Value and Creating Sustainable Futures for All Our Stakeholders"** - is the beacon that illuminates our path towards achieving a legacy of sustainable and value-driven accomplishments.

In a commitment to nurturing Oman's socio-economic fabric, Rimal emphasizes maximized In-Country Value (**ICV**) through robust CSR initiatives, localization of services, and cultivating local talents and resources. Our clientele, ranging from Oil & Gas operators to governmental entities and major infrastructure investors in Oman, finds a partner in Rimal who embodies **reliability, expertise**, and a **profound dedication** to fostering mutual success.

COMPANY OVERVIEW

Rimal has a distinguished history of successfully completing **complex projects within budget and on schedule**.

A reputation for delivering **top-tier services**. Rimal takes pride in its **diverse portfolio**, which includes prestigious projects in Oman, such as the **Musandam Gas Plant, Musandam Independent Power Plant, Nimr Water Treatment Plant, Shinas Port, Al Mouj Resort, Madha Road, and Haima Airstrip**.

We have consistently **pioneered** many "firsts", including the **first underpass in Oman**, the **first Marine lighthouse**, and the **first UAE-Oman Border demarcation**.

The operations of Rimal remain committed to nurturing **innovation and sustainability** to advance the industry.

PROJECT PORTFOLIO

Current projects valued at US\$1.3 Billion

CONTRIBUTION

ICV Contribution of US\$325 Million

RANKING

Classified as Excellent with the Tender Board

SCALE

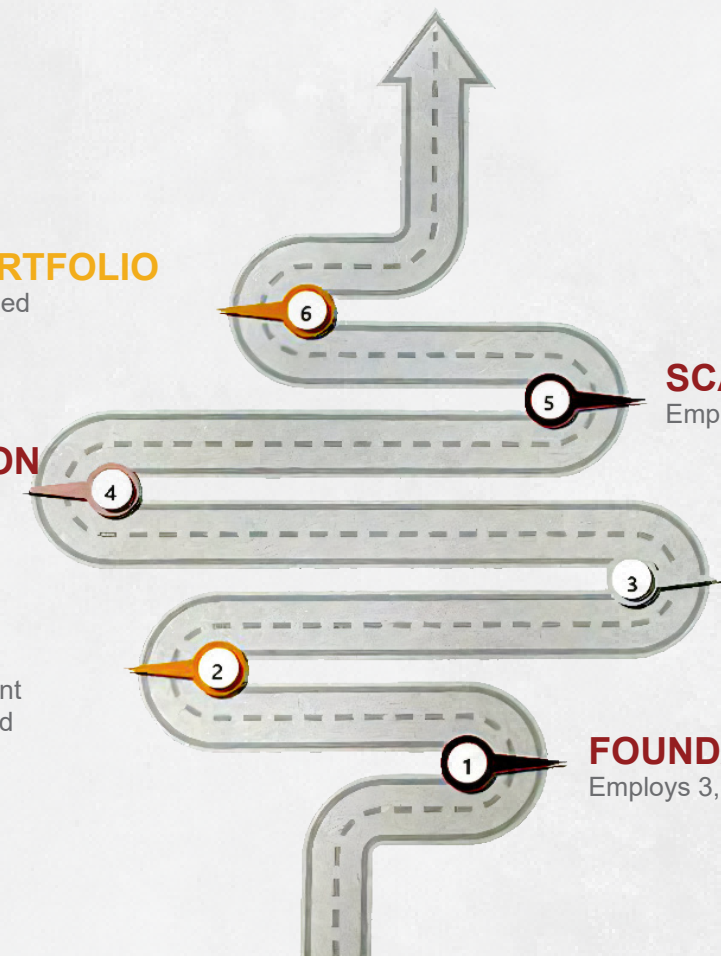

Employs 3,834 personnel.

PERFORMANCE

2023 Annual Turnover of US\$200 Million

FOUNDATION

Employs 3,834 personnel.

CORE OPERATIONS

Rimal has contributed to many of Oman's **flagship infrastructure initiatives**, including the construction of **well pads, roads, bridges, and marine works**.

Oil And Gas • Roads • Marine • Renewables • Utilities • Development

MTCIT

Design & Construction of Khasab Diba Asphalt Road and Link to Lima

MTCIT

Design and repair of Al Khalidiyah Khasab Teebat Roads

MOAF

Development of Fishery Harbour at Dibba

OXY

Provision of well hook up & flowlines construction & HDPE lining services

PDO

NIRRP

OQ

Construction of 40km asphalt road at block 60 - abu tubul

MTCIT

Harweeb to Miten Road, 200 KM

MOD

Engineer 3 project (Section 5)

Dualization of Al Khabura Batinah Expressway

MTCIT

Reinstatement of damage repair work of road project

MTCIT

Marine Works for Barka IWP phase 5

GS INIMA

YTDC

Design & build of marina works and coastal/wadi protections

QDC

DMF Concrete Repairing Works at Qurayat IWP

MOH

Development at Madinat Sultan Haytham

MOH

Construction of Roads at Madinat Sultan Haytham

PDO

Earthwork Contract - Qarn Alam - Saih Rawl - Fahud - Yibal

SAIPEM

Saipem offsite facilities

SHELL

Shell - Civil Works for Blocks 55

MOD

Design Construction of Security Fence, boundary wall, and asphalt road at Thumrait airbase

OUR SKILLS

02

OIL AND GAS

Well Pads | Roads | Reed Beds And Evaporation Ponds | Underground Piping | Tank Farms

Rimal is a **leader in the Oil and Gas sector**, delivering a suite of services tailored to the industry . Our expertise lies in the **design, construction, and maintenance** of well pads, roads, reed beds, evaporation ponds, underground systems, and tank farms. Driven by our dedication to **quality, safety, and environmental stewardship**, we offer customized solutions for drilling, site access, wastewater management, underground transport, and storage. Our emphasis on innovation and sustainable practices positions Rimal the top choice for clients in the Oil and Gas sector.

ROAD

Highways | Bridges | Runways | Internal Roads | Helipads | Car Parks

Rimal excels in the realm of airport and road infrastructure, providing a comprehensive range of services. Our expertise encompasses the design, construction, and upkeep of highways, bridges, runways, internal roads, helipads, and parking areas. With a commitment to excellence, safety, and sustainability, we offer solutions that improve transport and air travel. Our emphasis on contemporary methods and environmental responsibility sets us apart as the preferred provider for airport and road infrastructure needs.

MARINE

Quay Walls | Dredging | Shore Protection | Intake & Outfall Pipelines
| Revetment | Breakwaters | Marine Maintenance | Floating Pontoons
| Groynes | Piling | Diving | Marine Construction | Marine Geophysical
Surveys | Marine Soil Investigation

Rimal is a trusted name in marine services, offering a broad selection of **solutions for the maritime industry**. Our services encompass marine construction services such as quay walls, dredging, shore protection, pipelines, revetments, breakwaters, and more. Committed to **high standards, safety** and **environmental care**, we offer solutions that enhance ports, protect coastlines, and support marine projects. Our focus on **innovation and sustainable practices** positions Rimal as the preferred partner for marine services.

RENEWABLES

Infrastructure for Large Scale Solar Projects | High voltage & medium
voltage connections | Ramming Cabling & Trenching Works | Converters
& Low Voltage Infrastructure

Rimal is a key player in the **renewable energy sector**, providing a comprehensive suite of services that support **clean energy initiatives**. Our expertise covers the development of large-scale **solar project infrastructure, high voltage and medium voltage connections, specialized ramming, cabling, and trenching works, and the integration of converters and low voltage systems**.

With a commitment to **quality, safety, and environmental stewardship**, we deliver tailored solutions that optimize **energy efficiency and enhance sustainability**. Our focus on **innovation and sustainable practices** sets Rimal apart as the preferred partner for **renewable energy projects**, contributing to a resilient and **eco-friendly future**.

UTILITIES

Water Services | Waste Water Services | Dam Management | Green Energy Services

Given the pressing demand for **proficient water management, advanced sewage solutions, robust dam infrastructure, and innovative sustainable energy**, Rimal has taken the initiative to establish a **specialized department** dedicated to these crucial domains. Committed to ensuring a **consistent supply** of clean water, leading the way in efficient wastewater management, overseeing the **meticulous construction and maintenance** of dams, and pioneering green energy initiatives, **our goal is to set new industry benchmarks**. This strategic decision underscores our **unyielding dedication to environmental conservation, enhancing state-of-the-art infrastructure enhancement, and prioritizing the well-being of our communities**. Through this initiative, we are not only addressing the challenges of today but also laying a solid foundation for a sustainable and resilient future, championing a legacy of environmental responsibility for generations to come.

DEVELOPMENT

Commercial Real Estate Development | Residential Real Estate Development | Smart Cities | Integrated Tourism Complexes |

Rimal is expanding into the **Development sector**, bringing expertise and a **forward-thinking** approach to **commercial and residential real estate, smart cities, and integrated tourism complexes**.

Our inaugural project, in Madinat Sultan Haitham, exemplifies our commitment to crafting high-quality, **sustainable developments** that enrich communities and enhance urban environments.

Guided by **innovation** and a dedication to **sustainable growth**, we aim to shape spaces that foster vibrant living, community interaction, and **modern lifestyles**. Rimal's new focus on Development strengthens our position as a key partner in building resilient and **future-ready communities**.

CEMENTING SAFETY EXCELLENCE

At Rimal, our goal is to ensure **our employees** return **safely** to their families.

HSE is not merely paperwork; it's a **deeply ingrained culture** based **on strong values**. We are committed to conducting our business **without harm** to **people** and **the environment**, believing **all incidents are preventable**. Recent years have seen us achieve **millions of safe man-hours** and **injury-free kilometers**, thanks to this culture. Our **HSE Department** has earned international certifications including **ISO 14001:2015 Environmental Management** and **ISO 45001:2018 Occupational Health & Safety**.

KEY HSE STATISTICS						
DESCRIPTION	2018	2019	2020	2021	2022	2023
Total Employees	3,200	3,500	2,700	2,400	3,455	3,728

HUMAN RIGHTS AND EQUALITY

Our mission is to **empower people to build communities and shape the world**. At the core of our principles are **giving individuals a voice, serving all, promoting economic opportunities, fostering connections, and ensuring safety and privacy**.

We firmly acknowledge the **equality of all people** in dignity and rights, recognizing that everyone is entitled to **human rights without discrimination**.

Human rights are interconnected, interdependent, and indivisible.

EMPOWERING OMAN'S SOCIETY (CSR)

Rimal is dedicated to **advancing Oman's sustainable development** by **nurturing local capabilities** and **supporting local companies** while **making meaningful contributions to our society**.

Born, as we are in the Omani environment, our commitment is to be a force for good in our society. We allocate a **substantial annual budget** for **scholarships** and serve as a **strategic partner** to **Dar Al Atta**, a highly successful non-governmental charity organization. Wherever we build roads, we extend the paved areas to reach schools and hospitals.

Our contributions to the local communities in Oman through sponsorships, contracts, rentals, training and various other positive initiatives have amounted to **USD 9 Million**.

FOSTERING OMAN'S PROSPERITY (ICV)

Rimal is deeply committed to **boosting Oman's economy** by augmenting the In-Country Value (ICV). To date, we've invested **over USD 325 million** in bringing industries, technologies, and factories to Oman, emphasizing our **commitment to local development**.

Our extensive project portfolio spans from Musandam to Salalah, and our ethos entails **nurturing new entrepreneurs** in every area we operate. We have successfully **mentored and supported** three **SMEs**.

We have also provided **financial assistance** and **technical guidance** to a local aggregate producer, facilitating their growth. This commitment recently earned us the **Raoul Restucci In-Country Value Award** for the **Best Contractor in ICV Delivery in 2021** from PDO.

INNOVATION AND TECHNOLOGY

At Rimal, we're building the **future of construction**, today. **Innovation and technology** are the cornerstones of our approach, driving transformative changes across every project. We are committed to staying at the forefront of these advancements, integrating **cutting-edge solutions** to enhance efficiency, accuracy, and safety. **Our commitment to innovation:** At Rimal, we are dedicated to pushing boundaries, challenging conventions, and driving positive change.

PIONEERING AI FOR INFRASTRUCTURE

We actively push boundaries by harnessing the power of AI. In our recent KLD project, for example, we leveraged AI capabilities to design highly cost-effective road alignments, significantly reducing travel times and minimizing our environmental footprint.

SUSTAINABLE SOLUTIONS

Our investment in innovation extends beyond methodologies. We champion sustainable building materials, energy-efficient systems, and smart infrastructure solutions.

SUPERIOR CLIENT RESULTS

By embracing innovation and technology, we not only deliver superior results for our clients but also contribute to shaping the future of the construction industry.
